

Linear fact sheet

Con-Serv are renowned for producing superior collections that offer Independence with Style and our Linear grab rails are no exception. Designed to compliment any bathroom, the Linear range is ideal for domestic and commercial environments offering both style and sophistication while meeting strict Australian standards.

About Linear Format

Linear collection combines our Hygienic Seal® technology with the classic style of a 'T' leg linear flange.

Linear grab rails feature:

- 32mm x 1.2mm grade 304, 18/8 stainless steel grab rail
- 50mm, 3 part machined brass screw-on flange cover
- AS 1428.1-2009 for Design and Construction compliant
- Quality brass fixings with stainless steel screws included
- Finishes available include Satin Supreme™ and Polish Supreme™ with other colours available on request

Advantages of Hygienic Seal®

Linear grab rails feature the Hygienic Seal® mounting system which includes a TPE (Thermoplastic Elastomer) seal that when installed correctly, prevents grime such as soap scum, body fluids, ointments and other aqueous based fluids accumulating behind the grab rail flange covers.

The advantages of using Hygienic Seal® fitted grab rails include:

- Unique Hygienic Seal® fastening system that prevents grime build up
- Smaller, compact flange cover
- Solid brass wall mount and lock nut
- Solid brass screw on flange cover
- Available in a select range of sizes and finishes

- A Flange cover
- B TPE seal
- C O-Ring
- D Flange nut
- E Locking nut
- F Locking pin
- G Screw mount plate

Linear Twin Waters™

A fresh perspective on grab rail showering. The Linear Twin Waters™ combines our dual showering experience with 32mm grab rail body and wall fixtures. Multiple orientations and configurations allow for an all-in-one shower that generally meets the requirements of AS 1428.1-2009.

- Linear grab rails with divert and friction cradle for handheld support
- Rain maker shower with swivelling overhead arm
- Handheld shower with 1500mm Silverflex® PVC hose
- Polish Supreme™ finish
- Optional Push-PullMe® Cradle and Rod; and/or Extended 650mm Swivel Arm (for seater users)

All Con-Serv showers are 3 Star – 9L/min rated as per WELS licence number 0046.
